DOES NOT MEAN PEACE

Boers at The Hague Do Not Believe the End Is Near.

WAR JUST BEGINNING

Dutch Once the Most Astute Neutrals Are Now the Most Aggressive Partisans—They Are Becoming More Hostile.

The Hague, April 8.—There is little faith among the Boer sympathizers here that peace is imminent in South Africa. Hearts are burdened in consequence of the conferences held here and at Utrecht, and the Boer envoys and refugees are asserting in a louder cry than ever, that the war will last four years longer unless there can be no peace without independence. The credulity of the burghers in South Africa is matched by the assumption of their agents here that their deliverance is coming from England's foreign complications, when there is not a cloud in the sky.

When the three Boer commissioners were sent to America it was assumed that a good case would be made out for an investigation of the military conduct of the war and the shipment of supplies of horses and mules from the United States would be prohibited. These illusions were dispelled when the delegates returned, but a new fiction has been supplied.

The Boers advocates are asserting that England is fatally embarrassed by her alliance with Japan, and certainly will be drawn into a war of tremendous magnitude in the far east. The Boer sympathizers are consequently justifying an indefinite continuance of the guerrilla warfare, and forecasting the ultimate triumph of the cause of independence, when British troops cannot be spared from the larger theater of European operations.

The Dutch were once the most astute neutrals in the world. They are now the most aggressive partisans. When the radical government was in power the ministers confessed that the future of Holland might be imperilled by the bitter hostility displayed against England. Some of them were frightened by the fact that Utrecht had become a base of operations against England, and that Mr. Kruger had been brought to Holland with the gold remained in the Transvaal treasury, and was using for the purpose of maintaining hostile operations and promoting foreign intervention. They were charged with a lack of sympathy for the Boers when they asserted that the presence of Mr. Kruger kept Holland in a state of excitement, and that it would be a good thing if he were to leave the country. Premier Kuyper's conservative government has been committed from the outset to a more active support of the Boer cause, but its bolt was shot when the prime minister vaguely suggested the expediency of granting the Boer agents a safe conduct to South Africa.

Taft Improving.

Cincinnati, April 8.—Although Governor William H. Taft has been released from the hospital and has been walking out and attending to correspondence he has yet entirely recovered and his surgeon advised him to wait at least until April 15 before beginning duties that precede his returning to the Philippines. He expects to go to St. Louis on April 15 or 16 to consult with officers of St. Louis exposition concerning exhibit from Philippine islands. Gov. Taft will go to Washington, to consult Secretary of War Root and the president before returning to the Philippines.

Scores of Lives Endangered.

Joliet, Ill., April 8.—A score of lives were endangered here in a collision between a street car and Santa Fe passenger train. Henry Huff, the motor man, was badly hurt and may die. The car had about 75 workmen aboard. The air brakes failed to work and the car crashed into a passenger train slowly pulling into the depot at Cass street. The force of the collision knocked the passenger coach from the track and demolished the street car. Nine passengers were seriously hurt.

Watching for Arms for China.

San Francisco, April 8.—Custom house authorities have been notified to be on the alert to discover the shipment of arms from this country to the insurgents in China. Collector Stratton has received a letter from O. A. Spalding, acting secretary of the treasury, stating that in protocol signed Sept. 7, 1901, the importation of arms and munitions of war is prohibited.

Plunged Down a Bluff.

Seattle, Wash., April 8.—A tram car used for hauling lumber plunged down a half mile of bluff at Taylor Mill near Lake Washington and injured seven of the occupants. The steam winch at the head of the hill failed to hold. The car started to run away as soon as it left the top of the slope and the passengers jumped off, sustaining severe injuries.

Suicide of a Chinese.

St. Petersburg, April 8.—A son of Yank Yu, former Chinese minister to Russia, died here Saturday and now admitted he committed suicide. Deceased minister's son came to St. Petersburg to repatriate the body of his father who died here February 17.

PRESIDENT AT CHARLESTON

Goes to the Naval Station and Inspects Before Entering the City.

Charleston, S. C., April 8.—The special train bearing the president and party arrived here 10:30 o'clock this morning. Members of the party left the train, however, five miles from the city and took special trolley cars direct for the naval station where they boarded the revenue cutter for a tour of the harbor.

The president's immediate party went directly to the naval station, where they were joined in a few moments by members of the reception committee and invited guests from the city. A guard of 30 militiamen was stationed about the approaches to the train. At the naval station 50 men of the militia were posted, maintaining picket lines about the reservation, and none was allowed within lines without special passes. The president and his party were shown about the station and then conducted to the pier, where the revenue cutter Algonquin was in waiting. As the president set foot on the deck the flag of the commander-in-chief of the army and the navy was raised and the jackies were paraded while a salute of 21 guns was fired. In the stream the cutters Forward and Hamilton were lying, and further down toward the city the cruiser Cincinnati and the training ships Topeka and Lancaster.

After committee and guests had gone aboard the Algonquin started on a tour of the harbor. Passing down Cooper river a fine view of the city and opening of bay was presented. The weather was perfect. There was not a cloud in the sky and a gentle breeze blew from the ocean with just a bracing touch in it, not chill enough to require overcoats.

Passing into the bay the Algonquin came abreast of Cruiser Cincinnati whose decks were manned with all her crew as well as the Topeka and Lancaster. As the president's vessel passed each fired a salute of 21 guns. Off the fortifications of Sullivan's Island the Algonquin was greeted with the same welcome and she passed to the ocean with gay streamers amid a chorus of guns.

After making the trip to end of harbor the cutter returned to the landing where the president was met and escorted to the hotel by the Charleston Light Dragoons. The president was in high spirits and seemed to enjoy himself immensely.

In the evening a banquet was given by the city in honor of the president at Charleston hotel. While this was in progress, Mrs. Roosevelt was received at the St. John. Five hundred invitations having been issued to this function.

To-morrow at 10 o'clock the parade will move to exposition grounds, where formal ceremonies will be held and the president will present the sword to Major Micah Jenkins.

In the afternoon the president's party will go to Summerville and will spend Thursday inspecting the tea gardens.

A great crowd of people is in the city and much enthusiasm shown at presence of president. Gov. McSweeney is here and Gov. Aycock of North Carolina expected.

WILL BE REPRESENTED.

Pope Will Send Missions to King Edwards' and Alfonso's Coronations.

Rome, April 8.—In spite of the opposition of Cardinal Rampolla, the papal secretary of state, the pope has decided to send important special missions both to the coronation of King Edward and the festivities in Spain attendant upon the enthroning of King Alfonso. The cardinal's opposition to the sending of a mission to England was based on the fact that British parliament did not change the anti-Catholic formula of the accession oath and Monsignor Merry del Val, whom the pontiff designed to be chief of missions openly refused to go while the present wording of the oath is maintained. Nevertheless the mission will be sent and will probably arrive in London a few hours after the religious ceremony. There will be repetition of diplomatic maneuvers carried out at coronation of Czar Nicholas II at Moscow.

The question of the advisability of a papal mission to Spain to Alfonso's coronation was due to the fact that the queen regent sent a Spanish ambassador to the Vatican.

Cattle Thieves Captured.

Denver, April 8.—A special from Bisbee, Arizona, says that Sheriff Parks and deputies captured seven cattle thieves on Eagle creek near Morenci, after a hard fight. One of the thieves was killed outright after some exciting shooting. The outlaws had killed a number of cattle from time to time and were in possession of six freshly killed beeves, from which they were marching.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even the greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get all of Dr. G. G. Green's reliable remedies at the Wilson-Jenkins Drug Co.'s store, Bryan. SERIOUS WRECK.

A Split Switch Makes Trouble for a Passenger Train.

Yesterday morning northbound passenger train No. 1 on the H. & T. C., struck a split switch after entering the yards, near the compress, and dashed on to a siding, crashing into a loaded coal car before the engineer and fireman had time to do more than put on the air and leap from the cab to save themselves. The train was in charge of Conductor Singer with Engineer Wilson at the throttle. The engine, No. 73, was badly wrecked by the impact, the end of the coal car was crushed in and several other freight cars on the siding were injured, one of them, an empty coal car, being broken in two in the middle and thrown off the trucks. The coaches were not injured, but the passengers were badly shaken up and some of them injured, though not seriously.

Mr. Walter Knox of this city had his leg and side hurt; G. M. Winstead of Houston, bruised and ear mashed; C. W. Carr of Houston and Chas. Marks of Ennis, arms slightly hurt; Conductor Register of the Austin branch, finger knocked out of joint; J. W.

Jones, assistant mail clerk, stunned.

Trainmaster Bisbee and Claim Agents Crowder and Herring were present at the wreck, the two first named being on the train.

Freight engine No. 118, in the yards at the time, took the passenger train to Hearne after a hour's delay. The passenger engine was so badly demolished that it had to be left, and was hauled to Houston by a freight yesterday afternoon.

STARVING IN ZAPATA

The Condition of the People Is Extremely Deplorable.

HELP NEEDED BADLY

Destitution of the Inhabitants Is Certified to by County Officials—Only the Necessaries of Life Are Asked for at Present.

Laredo, Tex., April 8.—Lettice have been received here from County Clerk Peter Walls, Sheriff and Tax Collector Lozano and County Judge A. P. Spohn of Zapata county in response to inquiries as to the true condition of affairs in that section, and they confirm the reports of the destitute condition of the citizens. County Clerk Walls in his letter says:

"I beg to state that the Hon. A. L. McLane was most kind in bringing to your notice the deplorable condition of our county. I cannot in words picture the misery, privations and suffering afflicting our drought stricken country and that is bad enough, God knows. To say some families have oen scant meal a day is expressing it mildly; while I cannot state positively that any people have actually died of starvation, still I can say in all truth, and all the residents here will bear me out, many have died that were sick who would have been easily saved if nourishment had been at hand. In San Ignacio and other places, the children have that pallid look, that listless walk and blank stare which clearly shows that hunger is at hand. Ask that the governor or a representative of the charitable people be sent here to investigate the report. All we ask for is corn, beans, lard, coffee and sugar. Planting time has passed and there is no hope of a crop again this year. The people who actually require and must have aid cannot be less than 1200, big and little."

Sheriff and Tax Collector Lozano confirms Mr. Walls' statements and says that many cattlemen have lost greater part of their cattle and stock and many have not a single animal left.

County Judge Spohn certifies to the terrible condition of the people of Zapata county, as stated in Mr. Walls' letter, and asks that relief be furnished immediately. Judge Spohn says all the people of Zapata ask for is the necessities of life, such as corn and beans.

SERIOUS WRECK.

A Split Switch Makes Trouble for a Passenger Train.

Yesterday morning northbound passenger train No. 1 on the H. & T. C., struck a split switch after entering the yards, near the compress, and dashed on to a siding, crashing into a loaded coal car before the engineer and fireman had time to do more than put on the air and leap from the cab to save themselves. The train was in charge of Conductor Singer with Engineer Wilson at the throttle. The engine, No. 73, was badly wrecked by the impact, the end of the coal car was crushed in and several other freight cars on the siding were injured, one of them, an empty coal car, being broken in two in the middle and thrown off the trucks. The coaches were not injured, but the passengers were badly shaken up and some of them injured, though not seriously.

Mr. Walter Knox of this city had his leg and side hurt; G. M. Winstead of Houston, bruised and ear mashed; C. W. Carr of Houston and Chas. Marks of Ennis, arms slightly hurt; Conductor Register of the Austin branch, finger knocked out of joint; J. W.

Jones, assistant mail clerk, stunned.

Trainmaster Bisbee and Claim Agents Crowder and Herring were present at the wreck, the two first named being on the train.

Freight engine No. 118, in the yards at the time, took the passenger train to Hearne after a hour's delay. The passenger engine was so badly demolished that it had to be left, and was hauled to Houston by a freight yesterday afternoon.

PROF. DAVID F. HOUSTON.

Something About the Man Selected to Succeed Col. L. L. Foster.

The board of directors of the Agricultural and Mechanical college of Texas have disposed of the duty of selecting a president for the institution in a manner that is likely to meet with the hearty approval of the people of the state. Their choice has fallen upon Prof. David F. Houston, of Austin, a gentleman who was not a candidate for the position, and whose name had not previously been connected with it. It seems to have been a case in which the office clearly sought the man, inasmuch as the press dispatches state that the directors communicated with Prof. Houston and asked if he would accept the place before he was elected.

The selection seems to have been a most excellent one, and at College and in Bryan, so far as the writer has been able to learn, it is viewed with great satisfaction, while those who are personally acquainted with the president elect, are enthusiastic in their expressions of approval. It is also a source of gratification to the friends of the institution that the selection is one which has no political flavor or significance, and entails no obligations save such as duty may impose.

Prof. Houston is 38 years of age and was born in South Carolina. He received his education at the South Carolina State college, getting a degree in 1887. He served his college one year and declined the reappointment to accept the superintendency of the city schools of Spartansburg, S. C. He then pursued graduate work in Harvard for three years, holding a fellowship in economics and government. He left Harvard in 1894 to accept an adjunct professorship in the Texas university and was later promoted to an associate professorship and three years afterward was given a full professorship and was elected dean of the faculty, which position he now holds. His chair in the university is the science of economics and government.

He is a man of high moral character, strong mental endowments and marked administrative ability. As a disciplinarian he is kind but firm and unyielding. He is very popular among his associates at Austin, where he is regarded as one of the most efficient men in the faculty of the state university. Prof. Houston will be installed as president of the college as soon as it is possible for the arrangements to be made.

Mr. W. A. Wilkerson, assistant cashier of the Merchants and Planters national bank, who recently came to Bryan from Austin, is well acquainted with Prof. Houston, and says the board of directors could not have made a better selection. "The people of the state," said Mr. Wilkerson, "are to be congratulated upon his election. He is a thorough gentleman, a progressive man who knows his business and one who will give excellent satisfaction."

HOUSTON PLAYED RETURN DATE.

Music lovers of Houston after attending the entertainment of the Spanish Concert Co. last season, had them to play a return date the same season, to a crowded house. The company played at Dallas during the fair last year, and several people of Bryan who heard them there say the attraction is one of the best concert companies that ever came to the state.

This company play here tonight, and it will be a musical treat rarely equaled in Bryan. If you miss it, you will miss something good.

PROF. DAVID F. HOUSTON.

Something About the Man Selected to Succeed Col. L. L. Foster.

The board of directors of the Agricultural and Mechanical college of Texas have disposed of the duty of selecting a president for the institution in a manner that is likely to meet with the hearty approval of the people of the state. Their choice has fallen upon Prof. David F. Houston, of Austin, a gentleman who was not a candidate for the position, and whose name had not previously been connected with it. It seems to have been a case in which the office clearly sought the man, inasmuch as the press dispatches state that the directors communicated with Prof. Houston and asked if he would accept the place before he was elected.

The selection seems to have been a most excellent one, and at College and in Bryan, so far as the writer has been able to learn, it is viewed with great satisfaction, while those who are personally acquainted with the president elect, are enthusiastic in their expressions of approval. It is also a source of gratification to the friends of the institution that the selection is one which has no political flavor or significance, and entails no obligations save such as duty may impose.

Prof. Houston is 38 years of age and was born in South Carolina. He received his education at the South Carolina State college, getting a degree in 1887. He served his college one year and declined the reappointment to accept the superintendency of the city schools of Spartansburg, S. C. He then pursued graduate work in Harvard for three years, holding a fellowship in economics and government. He left Harvard in 1894 to accept an adjunct professorship in the Texas university and was later promoted to an associate professorship and three years afterward was given a full professorship and was elected dean of the faculty, which position he now holds. His chair in the university is the science of economics and government.

He is a man of high moral character, strong mental endowments and marked administrative ability. As a disciplinarian he is kind but firm and unyielding. He is very popular among his associates at Austin, where he is regarded as one of the most efficient men in the faculty of the state university. Prof. Houston will be installed as president of the college as soon as it is possible for the arrangements to be made.

Mr. W. A. Wilkerson, assistant cashier of the Merchants and Planters national bank, who recently came to Bryan from Austin, is well acquainted with Prof. Houston, and says the board of directors could not have made a better selection. "The people of the state," said Mr. Wilkerson, "are to be congratulated upon his election. He is a thorough gentleman, a progressive man who knows his business and one who will give excellent satisfaction."

HOUSTON PLAYED RETURN DATE.

Music lovers of Houston after attending the entertainment of the Spanish Concert Co. last season, had them to play a return date the same season, to a crowded house. The company played at Dallas during the fair last year, and several people of Bryan who heard them there say the attraction is one of the best concert companies that ever came to the state.

This company play here tonight, and it will be a musical treat rarely equaled in Bryan. If you miss it, you will miss something good.

EXCLUSION OF CHINESE

The House Passes the Measure After
Adding Several Amendments.

WAR REVENUE BILL

Conference Report on That Measure
Adopted and the Bill Sent to the
President to Be Signed.
Minor Bills Passed.

Washington, April 8.—The house
Monday passed the Chinese exclusion
bill, after incorporating in it several
amendments which changed the dra-
matic character of the measure. The bill
excludes all Chinese of mixed blood
and prevents the employment of Chi-
nese sailors on American ships. As
passed, the bill practically re-enacts
all the existing exclusion laws and in-
corporates with them the existing
treaty regulations. It extends these
laws to the Philippines and the other
possessions of the United States, and
forbids Chinese laborers in our col-
onial possessions from coming into this
country. The Philippines commission
is directed to adopt proper measures
for the enforcement of the provisions
of the bill in the Philippines.

The conference report on the war
revenue tax repeal bill was adopted
and the bill sent to the White house.

Late in the afternoon Mr. Fowler of
New Jersey moved to pass under sus-
pension of the rules the senate bill to
extend the charters of national banks
for 20 years. The Democrats were
taken completely by surprise. As it
was after the usual hour for adjourn-
ment, the attendance was slim. The
Democrats attempted to filibuster, but
a call of the house finally secured a
quorum and the bill was passed.

Considerable time was consumed by
the senate Monday in a discussion of
the conference report on the bill to
reduce war revenue taxes. As passed
by the senate the tax on transactions
in so-called bucket-shops was retained.
The conferees struck out that provi-
sion, it being explained that the house
would not consent to its retention.

Mr. Berry of Arkansas, Mr. Bacon
of Georgia and Mr. Pettus of Alabama
insisted that the senate should demand
the retention of the tax.

Mr. Aldrich of Rhode Island, Mr.
Allison of Iowa and Mr. Spooner of
Wisconsin, while they were in favor
of the tax, explained that it could not
be retained without endangering the
entire measure. The conference re-
port finally was adopted—36 to 20.

Mr. Simmons of North Carolina ex-
plained briefly why he should support
the Chinese exclusion bill, although
he frankly said he would do so with
some reluctance.

Soon after the senate convened a
bill was passed to provide for a clerk
for the circuit and district courts at
Wilmington, N. C.

Another bill providing for the pro-
motion of anatomical science and for
the prevention of the desecration of
the graves in the District of Columbia
was passed.

Reprieved for Ten Days

Austin, April 8.—At the request of
the judges of the court of criminal ap-
peals for commutation of death sen-
tence imposed on John Roan, who was
sentenced to be hanged to-day at Marlin
for rape, the governor has reprieved
Roan for ten days longer, in order
to further investigate the case.

Smallpox at Clarksville.

Austin, April 8.—State Health Officer
Tabor has returned from Clarksville,
where he has been investigating the
smallpox situation. He found 23
cases in the pest camp, one of which
will prove fatal. Speaking of the
smallpox situation in Texas, he said
the cost would be over \$500,000 to ex-
terminate the disease.

Strike at Augusta.

Augusta, Ga., April 8.—The situation
in the strike of mill operatives is un-
changed. Manufacturers association
held a meeting last night and decided
to fight to the end.

This means there will not be a spin-
dle turning in Augusta or House Creek
Valley within a day.

Merger Case Next Monday.

Washington, April 8.—The United
States supreme court has decided to
hear arguments on next Monday upon
the application of the state of Wash-
ington to take jurisdiction in the case
of the Northern Pacific and Great
Northern merger.

Cotton Belt Headquarters.

Fort Worth, Tex., April 8.—It is an-
nounced the Cotton Belt will remove
all headquarters to Texarkana, except
the general freight and general pas-
senger offices, which will probably be
moved here. Everything will be taken
from Tyler.

Turfman Has Smallpox

San Francisco, April 8.—Green B.
Morris, a well known horse man, has
been stricken with smallpox and is
now an inmate of the city pest house,
where his case is said to be of mild
type.

Tree Fell upon Him.

Gainesville, Tex., April 8.—Bud Wil-
liams, aged 45 years, a wealthy farmer
residing 15 miles southwest of this
city, was killed while in the woods
cutting timber by a tree falling on
him.

Judge Bradford's Successor.

Ardmore, Tex., April 7.—Judge T. N.
Robnett of Pauls Valley has been ap-
pointed by Judge Townsend United
States commissioner here, to succeed
Judge S. B. Bradford, deceased.

MUNICIPAL ELECTIONS.

Light Vote Pooled in Ohio and the Elec-
tions Considerably Divided.

Cincinnati, April 8.—Reports from
the local elections of the municipalities
and townships in Ohio Monday show
there was a light vote cast with very
little interest except in a few cities.

In Cincinnati, W. H. Jackson was
defeated for reelection by Probate Judge
Howard Ferris.

At Toledo the Republicans elected
their entire ticket. This is a complete
political reversal.

At Cleveland 80 out of 200 city pre-
cincts give Caldwell, Democrat, for
director of schools 1800 plurality over
Sargent, Republican. The indications
are, that the entire Democratic ticket
will be elected.

At Columbus the election resulted
in the re-election of Edward C. Fraas,
Republican, for clerk of police court
and T. D. Andrews, Republican, for
justice of the peace. The Republicans
also retain control of the council,
electing 11 out of 19 members.

At Dayton the Democrats again won
the mayoralty, C. A. Snyder receiving
a majority of 135 votes over John
Floteron.

At Findlay, Metcalf, Democrat, was
elected mayor over George, Republi-
can, by 500 majority.

At Youngstown Mayor Frank L.
Brown, Republican, was re-elected
over B. M. Campbell, Democrat. The
Republicans will have a working ma-
jority in council and board of educa-
tion.

At Hamilton the Democrats re-elected
the mayor and city officers.

At Sandusky the Democrats elected
a majority of the city officers, and
councilmen.

At Mansfield the Democratic ticket
was elected.

At Xenia the "wets" won and Repub-
lican city officials were elected.

At Wooster, the Democratic city
ticket was elected with a majority of
the councilmen.

At Steubenville a Republican land-
slide is reported.

Result in North Dakota.

St. Paul, April 8.—Most of the cities
and towns of North Dakota held mu-
nicipal elections Monday and in the large
cities the contests were very keen.
The most notable result was in the
mayorality contest at Fargo, where
Mayor Jones, Republican, who is serv-
ing his fourth term, was defeated by
W. D. Sweet, who ran as the business
men's candidate. Mayor Johnson's de-
feat is attributed to division in his party
ranks and to the vote received by
the social Democratic candidate, which
was exceptionally large.

In Montana.

Helena, Mont., April 8.—In the city
election Monday the Republicans elect-
ed their entire ticket, with the excep-
tion of two aldermen, by majorities
ranging from 150 to 300. F. J. Ed-
wards was re-elected mayor.

In the election at Butte the Demo-
crats carried six of the eight wards.
The Republican and labor parties each
carried one.

At Anaconda the Democrats carried
five out of six wards.

Laborers Elect a Mayor.

Hartford, Conn., April 7.—Organized
labor won a victory in Hartford Mon-
day. Following the example of Bridge-
port and Ansonia, they have elected a
mayor of the city. They captured the
Democratic nomination and their
man, Ignatius A. Sullivan, clerk in a
clothing store, received the solid vote,
practically, of the trades unions.
Major Wm. B. Dwight was the Repub-
lican nominee. The Republicans suc-
ceeded in electing a majority of the
common council.

First Socialist from Michigan.

Detroit, Mich., April 7.—Excepting
in Grand Rapids little interest was
manifested in the city and township
elections held throughout the state
Monday and none but purely local
issues entered into the contests. In
Grand Rapids, where the water supply
scandal has figured as one of the
prominent issues of the campaign, the
Republicans gained a sweeping vic-
tory, electing their entire city ticket.
At Battle Creek the first socialists
ever elected to office in the state were
elected as aldermen in the first and
second wards.

New Guns for Orient.

St. Petersburg, April 8.—New guns
for 19 batteries have been despatched

days.

caused his death.

oldest practicing physician in Taze-
well county, died in Pekin, Ill.

under the wheels of a freight train last
Tuesday at Metropolis, Ill., and whose
arm was taken off at the shoulder, died
of his injuries.

BRITISH ATROCITIES.

Delaney Tells of Women Placed Around
British Camps as Screens.

Amsterdam, April 7.—The Boer
bureau here has published a report
which was sent last January by Gen.
Delaney to Mr. Kruger, and which is
countersigned by Ignatius Ferreira, the
acting state's attorney.

This report contains numerous
stories of alleged British atrocities
and is supported by affidavits. Be-
sides the general accusations of
placing women as screens around
British camps as a result of which
practice many women are said to have
been killed, Gen. Delaney gives
specific instances with the names and
dates of the killing of wounded prison-
ers and women.

He complains that owing to Lord
Methuen's persecution his own wife,
with six children, have been wander-
ing on the veldt for the past year.

Gen. Delaney complains also that
his mother, aged 83 years, was driven
into Klerksdorp, after her cattle had
been stolen and her house burned.
Vandermerwea, late mining commis-
sioner of the rand now fighting with
Delaney, appends a further list of
atrocities, committed on women and
children, to the report of Gen. De-
laney.

Boycotts Are Illegal.

Wilkesbarre, Pa., April 8.—In court
here, Judge Ferris rendered an import-
ant decision in a boycott case. Last
June J. E. Patterson & Co., of this city,
refused to grant the demands of their
employees for an increase of wages.
The building trades council then de-
clared a boycott against the firm. The
court was appealed to for an injunc-
tion to prevent the trades council from
carrying out its threat. A temporary
injunction was granted and Judge Fer-
ris made it permanent. In the course
of his opinion, the judge says: "The
boycott is destructive to personal lib-
erty and utterly subversive of all so-
cial order, law and all government,
and, therefore, unlawful."

Shot by Highwaymen.

Dallas, April 8.—Because he resisted
the attempt of three negroes to rob
him on Ross avenue at an early hour
Monday, Jacob Burkhart was shot in
the right leg near the thigh. The bul-
let pierced the fleshy part only and
let pierced the bone. Mr. Burkhart
was going to his place of business
when the attempt to rob him was
made. He felled one of the negroes
by a blow, and turning to struggle with
the others, one of these drew a pistol
and fired. The report brought others
to the scene and the negroes made
their escape.

Furns for the Judgeship.

McKinney, Tex., April 8.—G. J. Bar-
low of this city has arrived here from
Washington. Mr. Barlow says that
President Roosevelt told him he would
appoint Hon. Walter Burns to the
judgeship of the new federal district.
Mr. Barlow was an applicant for the
McKinney postoffice, but missed the
place. He has a high opinion of the
president. He says that he is void of
ostentation, not hypocritical, and al-
ways quick and pointed in his conver-
sation.

Believed to Have Been Murdered.

Dallas, April 8.—On his way to Dal-
las from his farm Sunday night Kirby
Orr found a man named Williams dy-
ing in the public road at a point about
four miles north of Dallas on the
Rockwall road, near the old Houston
place. The unfortunate was gasping
for breath when discovered by Mr.
Orr and expired a short time after-
ward before medical aid could be sum-
moned. It is believed he was mur-
dered.

Smallpox in Jail.

South McAlester, I. T., April 7.—The
discovery of a well developed case of
smallpox in the United States jail
here may result in a complete change
of docket of the term of court begin-
ning here April 21, as most of the 150
prisoners exposed to the disease are
to be tried at that time. The jail here
does not admit of segregation, all the
prisoners mingling indiscriminately.

Lone Wolf's Case Advanced.

Washington, April 8.—The United
States supreme court has granted the
motion to advance the case of Lone
Wolf vs. Secretary Hitchcock and set
the hearing for October 20 next. The
case involves the validity of the pro-
ceeding for the opening of the Kiowa,
Comanche and Apache reservations in
Oklahoma which occurred last summer.

No Fight in South Carolina.

Columbia, April 8.—Although the
promoters of the proposed Jeffries-
Fitzsimmons fight at Charleston have
made no inquiry of Governor Mc-
made no inquiry of Governor Mc-
Sweeney regarding the pulling off of
the mill, Mr. McSweeney remarked
Monday unofficially that there was no
chance of the fight taking place in
South Carolina.

Killing in Georgia.

Columbus, Ga., April 8.—A special
from Goffin, Ga., says that Hon James
Flynt, Spalding's representative in the
legislature, shot and killed Butler
Henderson here after Henderson had
fired two shots into Flynt's body, one
in the chest and one in the abdomen
which may prove fatal. Politics is
said to be the cause of the killing.

An Anarchist Sentenced.

Rome, April 8.—Enrico Malatesta,
the Italian anarchist, has been sen-
tenced by a court of justice to five
months imprisonment for contumacy
on account of certain articles applaud-
ing the murder of President McKinley
which was written for and published
in an anarchist newspaper.

Boy Drowned.

Paris, Tex., April 8.—The 17-year-old
son of T. H. McGregor, recently moved
to this county from Arkansas, was
drowned in Saunders creek, near his
home, two miles northwest of Mexia.
He attempted to swim across with his
clothes on.

EXCLUSION OF CHINESE

The House Passes the Measure After Adding Several Amendments.

WAR REVENUE BILL

Conference Report on That Measure Adopted and the Bill Sent to the President to Be Signed. Minor Bills Passed.

Washington, April 8.—The house Monday passed the Chinese exclusion bill, after incorporating in it several amendments which changed the drastic character of the measure. The bill excludes all Chinese of mixed blood and prevents the employment of Chinese sailors on American ships. As passed, the bill practically re-enacts all the existing exclusion laws and incorporates with them the existing treaty regulations. It extends these laws to the Philippines and the other possessions of the United States, and forbids Chinese laborers in our colonial possessions from coming into this country. The Philippines commission is directed to adopt proper measures for the enforcement of the provisions of the bill in the Philippines.

The conference report on the war revenue tax repeal bill was adopted and the bill sent to the White house. Late in the afternoon Mr. Fowler of New Jersey moved to pass under suspension of the rules the senate bill to extend the charters of national banks for 20 years. The Democrats were taken completely by surprise. As it was after the usual hour for adjournment, the attendance was slim. The Democrats attempted to filibuster, but a call of the house finally secured a quorum and the bill was passed.

Considerable time was consumed by the senate Monday in a discussion of the conference report on the bill to reduce war revenue taxes. As passed by the senate the tax on transactions in so-called bucket-shops was retained. The conferees struck out that provision, it being explained that the house would not consent to its retention.

Mr. Berry of Arkansas, Mr. Bacon of Georgia and Mr. Pettus of Alabama insisted that the senate should demand the retention of the tax.

Mr. Aldrich of Rhode Island, Mr. Allison of Iowa and Mr. Spooner of Wisconsin, while they were in favor of the tax, explained that it could not be retained without endangering the entire measure. The conference report finally was adopted—36 to 20.

Mr. Simmons of North Carolina explained briefly why he should support the Chinese exclusion bill, although he frankly said he would do so with some reluctance.

Soon after the senate convened a bill was passed to provide for a clerk for the circuit and district courts at Wilmington, N. C.

Another bill providing for the promotion of anatomical science and for the prevention of the desecration of the graves in the District of Columbia was passed.

Smallpox at Clarksville.

Austin, April 8.—State Health Officer Tabor has returned from Clarksville, where he has been investigating the smallpox situation. He found 23 cases in the pest camp, one of which will prove fatal. Speaking of the smallpox situation in Texas, he said the cost would be over \$500,000 to exterminate the disease.

MUNICIPAL ELECTIONS.

Light Vote Polls in Ohio and the Elections Considerably Divided.

Cincinnati, April 8.—Reports from the local elections of the municipalities and townships in Ohio Monday show there was a light vote cast with very little interest except in a few cities.

In Cincinnati, W. H. Jackson was defeated for reelection by Probate Judge Howard Ferris.

At Toledo the Republicans elected their entire ticket. This is a complete political reversal.

At Cleveland 80 out of 200 city precincts give Caldwell, Democrat, for director of schools 1800 plurality over Sargent, Republican. The indications are, that the entire Democratic ticket will be elected.

At Columbus the election resulted in the re-election of Edward C. Fraas, Republican, for clerk of police court and T. D. Andrews, Republican, for justice of the peace. The Republicans also retain control of the council, electing 11 out of 19 members.

At Dayton the Democrats again won the mayoralty, C. A. Snyder receiving a majority of 135 votes over John Floteran.

At Findlay, Metcalf, Democrat, was elected mayor over George, Republican, by 500 majority.

At Youngstown Mayor Frank L. Brown, Republican, was re-elected over B. M. Campbell, Democrat. The Republicans will have a working majority in council and board of education.

At Sandusky the Democrats elected a majority of the city officers, and councilmen.

At Mansfield the Democratic ticket was elected.

At Xenia the "wets" won and Republican city officials were elected.

At Steubenville a Republican landslide is reported.

Result in North Dakota.

St. Paul, April 8.—Most of the cities and towns of North Dakota held municipal elections Monday and in the larger cities the contests were very keen. The most notable result was in the mayoralty contest at Fargo, where Mayor Jones, Republican, who is serving his fourth term, was defeated by W. D. Sweet, who ran as the business men's candidate. Mayor Johnson's defeat is attributed to division in his party ranks and to the vote received by the social Democratic candidate, which was exceptionally large.

In Montana.

Helena, Mont., April 8.—In the city election Monday the Republicans elected their entire ticket, with the exception of two aldermen, by majorities ranging from 150 to 300. F. J. Edwards was re-elected mayor.

In the election at Butte the Democrats carried six of the eight wards. The Republican and labor parties each carried one.

At Anaconda the Democrats carried five out of six wards.

Laborers Elect a Mayor.

Hartford, Conn., April 7.—Organized labor won a victory in Hartford Monday. Following the example of Bridgeport and Ansonia, they have elected a mayor of the city. They captured the Democratic nomination and their man, Ignatius A. Sullivan, clerk in a clothing store, received the solid vote, practically, of the trades unions. Major Wm. B. Dwight was the Republican nominee. The Republicans succeeded in electing a majority of the common council.

First Socialist from Michigan.

Detroit, Mich., April 7.—Excepting in Grand Rapids little interest was manifested in the city and township elections held throughout the state Monday and none but purely local issues entered into the contests. In Grand Rapids, where the water supply scandal has figured as one of the prominent issues of the campaign, the Republicans gained a sweeping victory, electing their entire city ticket. At Battle Creek the first socialists ever elected to office in the state were elected as aldermen in the first and second wards.

BRITISH ATROCITIES.

Delaney Tells of Women Placed Around British Camps as Screens.

Amsterdam, April 7.—The Boer bureau here has published a report which was sent last January by Gen. Delaney to Mr. Kruger, and which is countersigned by Ignatius Ferreira, the acting state's attorney.

This report contains numerous stories of alleged British atrocities and is supported by affidavits. Besides the general accusations of placing women as screens around British camps as a result of which practice many women are said to have been killed, Gen. Delaney gives specific instances with the names and dates of the killing of wounded prisoners and women.

He complains that owing to Lord Methuen's persecution his own wife, with six children, have been wandering on the veldt for the past year.

Gen. Delaney complains also that his mother, aged 83 years, was driven into Klerksdorp, after her cattle had been stolen and her house burned. Vandermerwea, late mining commissioner of the rand now fighting with Delaney, appends a further list of atrocities, committed on women and children, to the report of Gen. Delaney.

Boycotts Are Illegal.

Wilkesbarre, Pa., April 8.—In court here, Judge Ferris rendered an important decision in a boycott case. Last June J. E. Patterson & Co., of this city, refused to attend the demands of their employees for an increase of wages. The building trades council then declared a boycott against the firm. The court was appealed to for an injunction to prevent the trades council from carrying out its threat. A temporary injunction was granted and Judge Ferris made it permanent. In the course of his opinion, the judge says: "The boycott is destructive to personal liberty and utterly subversive of all social order, law and all government, and, therefore, unlawful."

T., April 7.—The discovery of a well developed case of smallpox in the United States jail here may result in a complete change of docket of the term of court beginning here April 21, as most of the 150 prisoners exposed to the disease are to be tried at that time.
